

# COMMUNITY COURSES

Learning at The Sanctuary

## ANIMAL TRAINING AND CONDITIONING

Animal training has many benefits, including providing physical and mental stimulation for animals in our care. This course helps you learn the fundamentals of animal training, operant training techniques and teaching desired behaviour. Our Exotics Wildlife Supervisor will explore the training needs of different animals and leave you with skills to try with your own pets

Age Requirement: 14 years and over with parent consent

This course is conducted as a weekend condensed course

Upcoming course dates:

- 2 February 2019
- 3 August 2019

## COOKING ON COUNTRY: FOOD ADVENTURE

Be immersed in culture and refine your culinary techniques with Currumbin Wildlife Sanctuary's Cooking on Country Food adventure. Led by a qualified Indigenous chef, participants will cook multiple recipes, and taste foods made with traditional Indigenous ingredients.

Age Requirement: 14 years and over with parent consent

This course is conducted as a one day course

Upcoming course dates:

- 2 March 2019
- 7 September 2019

## PLANTING FOR WILDLIFE

Ever been camping and woken to the dawn chorus? Kookaburras laughing, magpies singing, kangaroos hopping, lizards lounging in the sun, and you soaking up the atmosphere. Have you wondered how you can recreate this landscape in your own backyard? Come along to our one day program and learn, from a professional horticulturalist, how to plant and landscape your garden to encourage visiting wildlife.

Age Requirement: 14 years and over with parent consent

This course is conducted as a one day course

Upcoming course dates:

- 3 March 2019
- 8 September 2019
