

Expressions of Interest - Senior Veterinarian

We are seeking expressions of interest for an experienced veterinarian to lead a team from our onsite veterinary clinic at Zoodoo Zoo, Tasmania.

The building is currently under construction. It is located in the carpark area at Zoodoo Zoo, visible to our 50,000+ annual visitors. The site would have it's own designated parking for staff & visitors. The clinic would be open to the public and operate under a free lease agreement which would massively reduce the overheads usually associated with this type of business. It would be operated by the leading veterinarian as he / she sees fit, entirely separate to the operations of Zoodoo Zoo.

All conditions of the free lease / business opportunity are up for negotiation, including the final layout of the internal designs of the consult rooms etc.

At this stage it is our desire that the clinic would also service;

- a small amount of Tasmania's injured local wildlife.

This service would grant the clinic instant community rapport and would provide the opportunity for ongoing promotion & fundraising. Zoodoo Zoo would commit to assist with this ongoing fundraising to service local wildlife.

- Zoodoo Zoo's animal population.

This service would help attract vet / vet nurses & vet students who were interested in working with an interesting variety of animals. Zoodoo Zoo would also include the animal hospital / vet clinic in the majority of our advertising and promote regularly to our Facebook followers / press releases etc.

To be considered for this role, applicants **MUST** demonstrate that they have the following;

- Minimum 5 years previous experience working with a variety of animals as a qualified veterinarian.

Additional points that may aid a successful application above others, but are not essential;

- Previous experience with large animals, exotics, primates, reptiles & Australian natives preferred.
 - Resources and contacts within veterinarian & zoo industries.
 - Previous vet clinic management / leading role or business management skills.

All applications should be submitted by email to Company Director, Donna Cuttriss-Smith via donna.zoodoo@yahoo.com.au . Expressions of interest are open until filled.

Basic accommodation can be made available for successful applicant to assist in the event of an interstate move
