

SEA LIFE Sydney Senior Keeper

Are you passionate about marine conservation, animal welfare and creating amazing displays? Would you like to join our fantastic team with a purpose of inspiring love for the oceans? We have exciting opportunities to join us at SEA LIFE Sydney Aquarium as Senior Keeper.

You will work closely with our Department Manager and Supervisor to deliver the highest quality exhibits and animal husbandry in line with our collection management strategy. This role involves working with a wide range of marine animals and fish.

All of our roles are focused on ensuring we provide amazing experiences to our visitors whilst providing excellent welfare for our animals.

Key responsibilities:

- Ensure the delivery of consistently high standards of displays, animal welfare and life support systems operation.
- Support the development of the SLSA Curatorial team members in your areas of responsibility.
- Daily operations of displays to meet the requirements of the animals and our site strategies.
- Implement rigorous Health and Safety procedures that meet the requirements of Merlin WHS policies and local authorities.
- Support the Supervisors and Displays Managers and help to integrate and cross train teams throughout the aquarium.
- Develop efficient record keeping, daily routines and maintenance schedules that are consistent with the rest of the aquarium and that promote the ability to cross train teams.

About you

The ideal candidate for this role will have a passion for the marine environment and public engagement.

You will:

- Have extensive experience in aquatic animal husbandry and life support systems
- You will have a high degree of organisational skills in an aquatic displays capacity
- Be a clear communicator and good planner
- Be adept at problem solving and proactive with a solutions focus

The following qualifications would be an advantage:

- Certified rescue diver or above
- First aid and O2 provision certificate

- The AS2299 commercial dive medical and have the ability to dive regularly
- A Bachelor's degree in Zoology or Biology or an equivalent Animal Care Diploma
- Marine animal training experience
