

Zoos Victoria Zoo Keeper Pool

Zoos Victoria operates world-class zoos on three sites - Melbourne Zoo, Healesville Sanctuary and Werribee Open Range Zoo. We are committed to 'fighting extinction'. Our mission is to connect our visitors with wildlife, inspiring them to take action to save wildlife and wild places.

This is a rare opportunity to be considered for membership of Zoos Victoria's Keeper Pool. Members of Keeper Pool are eligible for filling short-term, full-time, part-time and casual vacancies within our Life Sciences Departments.

We are looking for people with animal husbandry experience who are team players who thrive in a challenging environment; are problem solvers; and who demonstrate safe, positive work behaviour. If you share our passion for fighting extinction, engaging visitors in our work and are available to work at short notice, here's what to do.

Zookeepers work a 7- day roster which includes working on weekends and public holidays. Members of the Keeper Pool must be prepared to work at any of our properties and be available at short notice.

Note: We are also seeking experienced Trade Keepers to join the Keeper Pool.
